## Product Feature

- Dimensions: 900\*900\*560mm
- Cutting Width: 550mm
- Power: Loncin 224CC petrol engine, hybrid power system with automatic charging
- Fully remote-controlled operation for blade lifting, acceleration, forward and reverse movement, turning, and maneuvering
- Low-profile body design with tracked system for excellent climbing and traversing capabilities on slopes and rough terrains

# Product Specification

HOST			BATTERY		
Name	Unit	Value	Project Name	Unit	Value
Model	/	SKK55	Battery Type	/	Dry Battery
Dimensions (L*W*H)	mm	900*900*500	Remote Control Battery Voltage	V	24
Structural Quality	kg	120	Walking Battery Voltage	V	24
Track width	mm	120	Charging Type	/	Automatic charging when the generator is working

SUPPORTING POWER			TRAVEL MOTOR		
Name	Unit	Value	Project Name	Unit	Value
Model Name		LC1P75F-1	Rated Power	Kw	1.2
Structure Type		Horizontal bar four-stroke	Operating Voltage	V	24
Calibration Power	kw	4.2	Rotating Speed	r/min	1000-3000
Rated Speed	r/min	3600	Walking Speed	Km/h	0~5 adjustable
Fuel Type		gasoline	Remote Control Distance	m	≤200
Average Fuel Consumption	L/H	1-1.5	Working Slope	Spend	≤40
Displacement	CC	224			

MATCHING LAWN MOWER			DYNAMO		
Name	Unit	Value	Project Name	Unit	Value
Number Of Tools	pcs	2	Rated Power	kw	1.5
Tool Speed	r/min	2000-3000	Mowing Width	mm	550
Cutting Height	mm	30~120 adjustable
