

# PRODUCT CATALOG

Unleash the power of our cutting-edge technology, which not only offers superior grass cutting capabilities but also allows you to effortlessly switch between multiple attachments for tasks like loading, snow pushing, and orchard spraying. With our all-in-one solution, your equipment costs and maintenance expenses will significantly decrease, while your overall productivity and economic benefits soar.

## Product Feature

- Dimensions: 1140\*1140\*620mm
- Cutting Width: 800mm
- Power: Longxin 452CC petrol engine, hybrid power system with automatic charging
- Fully remote-controlled operation for engine start/stop, blade lifting, acceleration, forward and reverse movement, turning, and maneuvering
- Reinforced chassis for enhanced durability, tracked design for superior climbing and traversing capabilities on slopes and rough terrains
- Automatic brake system for parking, suitable for steep slope operations
- Brushless energy-efficient motor with low power consumption and long lifespan
- Patented planetary gear transmission with a payload of 500kg, allowing installation of accessories such as transport platforms, sprayers, and lifting platforms, achieving multi-functionality

## Product Specification

Host			Matching lawn mower		
Project Name	Unit	Parameter Value	Project Name	Unit	Parameter Value
Model	/	SKK80	Number Of Tools	Piece	2
Dimensions (L*W*H)	mm	1250*1200*550	Tool Speed	r/min	2500-3000
Structural Quality	kg	280	Mowing Width	mm	800
Track width	mm	120	Cutting Height	mm	30~150 adjustable
Supporting power			TRAVEL MOTOR		
Project Name	Unit	Parameter Value	Project Name	Unit	Parameter Value
Model Name		LC1P92F-1	Rated Power	Kw	1.6
Structure Type		Horizontal bar four-stroke	Operating Voltage	V	48
Calibration Power	kw	10.2	Rotating Speed	r/min	1000-3000
Rated Speed	r/min	3600	Walking Speed	Km/h	0~5 adjustable
Fuel Type		gasoline	Remote Control Distance	m	≤200
Average Fuel Consumption	L/H	1.5-2	Working Slope	Spend	≤50
Displacement	CC	452			
Battery			Dynamo		
Project Name	Unit	Parameter Value	Project Name	Unit	Parameter Value
Battery Type		Dry Battery	Rated Power	kw	5
Remote control battery voltage	24V	24	Equipped with transport bucket		
Remote control battery capacity	Ah	24	Dimensions (L*W*H)	mm	1260*1200*1160
Walking battery voltage	V	48	Load Capacity	kg	≤500
Walking battery capacity	Ah	80	Equipped with air sprayer		
Liquid spray width (unilateral)	m	45021	Liquid volume	catty	400
